

Since 1993

OLE CHAMPION

PROFESSIONAL SPORTS & STADIUM FLOODLIGHT

300W | 600W | 900W | 1200W | 1800W

**BUILT TO PERFORM.
ENGINEERED TO WIN.**

Designed to meet FIFA stadium lighting requirements, delivering high efficiency, superior optical performance, and long-term reliability.

OLE CHAMPION

PROFESSIONAL SPORTS & STADIUM LED FLOODLIGHT

FIFA Certified

Buatan Malaysia
Made in Malaysia

IEC 60598 Compliant

SIRIM
Tested

ISO 9001:2015
Certified

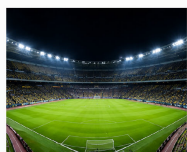

FEATURES

Lumen Maintenance	: L90 @ 70,000 hours
Operating Temperature	: -25°C ~ 50°C
Storage Temperature	: -25°C ~ 80°C
Power Factor	: >0.95 at Full Load
Total Harmonic Distortion (THD)	: <20% at Full Load
IP Protection	: IP66 Optical Compartment

MATERIAL

Casing	: Pressure Die-Cast Aluminium ADC12, Powder-Coated Finish
Cover	: 5mm Tempered Glass
Bracket	: Mild Steel / Stainless Steel (Optional)
Dimming	: 0-10V / DALI / Timer (Optional)

APPLICATIONS

FOOTBALL STADIUMS

HOCKEY STADIUMS

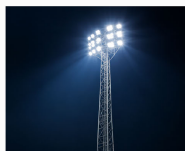

SPORTS ARENAS

TENNIS COURTS

GOLF COURSES

HIGH MAST LIGHTING

CRI

70 / 80 / 90

Compliant with FIFA Lighting Guide (CRI ≥80)
Premium Broadcast Applications (CRI 90)

IP

IP66

IK

IK09

220~240V AC

ADVANTAGES

Precision Beam Optics

Customizable with 15°, 30°, 60°, 90°, or T2 beam distributions. Optional louvre, full glare shield, and half glare shield accessories are available to meet various lighting requirements.

Modular Design

The gear compartment is separated from the LED module to improve heat dissipation and simplify maintenance.

Rugged & Adjustable

Slim-profile mounting bracket with 270° adjustability for easy positioning, aiming, and installation.

High Efficiency

Advanced LED technology delivers outstanding luminous performance, high energy efficiency, and extended service life.

Reliable Performance

Manufactured from high-quality materials to ensure reliable operation and long-term durability in demanding outdoor environments.

TECHNICAL SPECIFICATIONS

300W MODULAR PLATFORM

Scalable from 300W to 1800W, providing maximum flexibility for professional sports lighting applications.

MODEL NO.	POWER (W)	INPUT CURRENT (A)	WEIGHT (kg)		CCT	EFFICACY (lm/W)	INITIAL LUMEN OUTPUT 5700K (lm)
			FITTING	DRIVER			
OLE C300	300W	1.30A	10kg	2kg	5700K (Standard) 3000K / 4000K / 6500K (Optional)	150 lm/W-160 lm/W	48000 lm
OLE C600	600W	2.61A	17kg	5kg		150 lm/W-160 lm/W	96000 lm
OLE C900	900W	3.91A	23kg	5kg		150 lm/W-160 lm/W	144000 lm

COVER

5mm Tempered Glass

High-strength tempered glass for maximum impact resistance and excellent optical clarity.

CASING MATERIAL

Pressure Die-Cast ADC12 Aluminium with Powder-Coated Finish

Corrosion-resistant aluminium housing for long-lasting durability and reliable performance.

LOUVER (OPTIONAL)

Controls light distribution by directing more light onto the playing field, reducing glare and minimizing light spill for improved lighting efficiency.

LED MODULE

High-Performance LED Module with High-Efficiency Optical Lens

Delivers high luminous efficacy, superior optical performance, and excellent light uniformity for professional sports lighting applications.

ELECTRICAL COMPARTMENT

Separate Gear and Electrical Compartment

Provides easy maintenance while improving thermal management and long-term reliability.

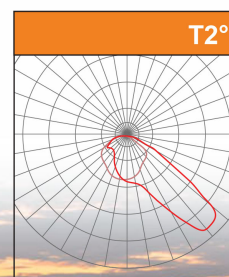

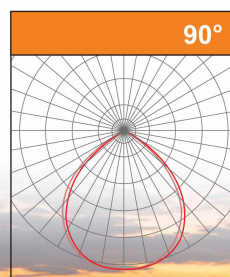

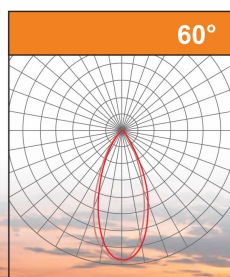

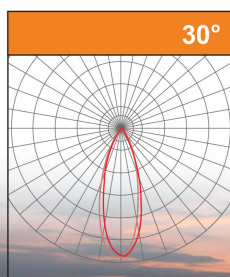

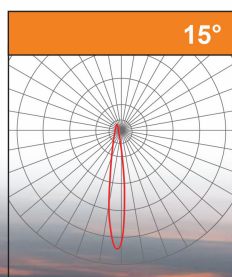

MOUNTING BRACKET

Flexible & Adjustable Mounting Bracket

Adjustable mounting bracket for precise aiming and flexible installation.

PHOTOMETRIC DATA

OLE STADIUM MAST SOLUTION

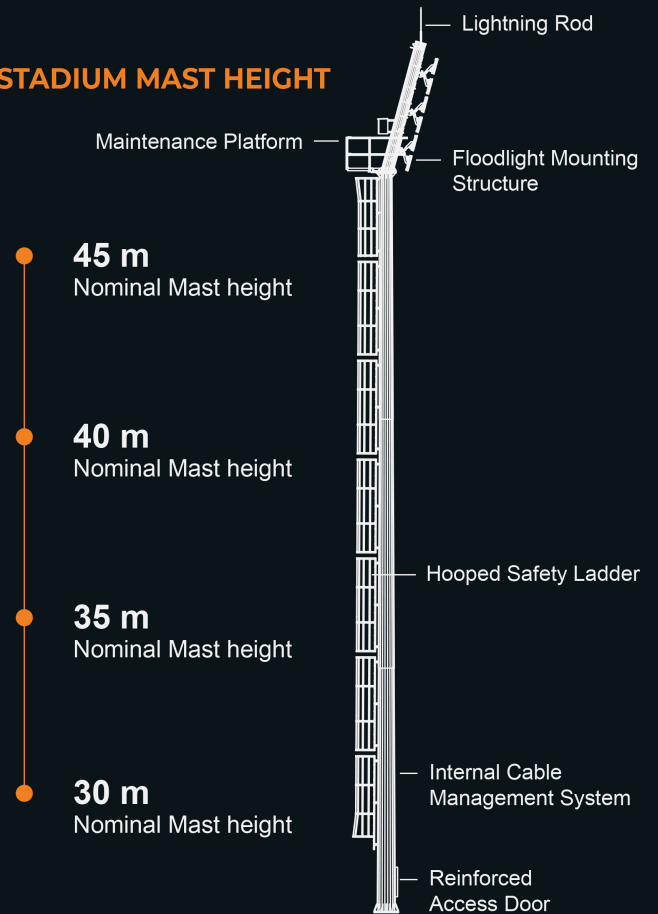

Designed, Engineered & Manufactured in Malaysia

OLE Stadium Masts are engineered by our in-house pole design engineers for professional sports lighting applications, delivering structural strength, safe maintenance access, and reliable long-term performance.

Each mast is custom engineered to suit project-specific floodlight configurations, wind-load requirements, mast heights, and site conditions.

STADIUM MAST HEIGHT

DESIGNED BY OLE POLE ENGINEERS

Engineered by OLE's experienced pole engineers using advanced structural analysis and engineering calculations.

ENGINEERED FOR OLE CHAMPION SPORTS FLOODLIGHTS

The mast headframe and mounting structure are engineered to provide:

- Secure floodlight installation
- Precise aiming & alignment
- High wind stability
- Easy inspection & maintenance

HIGH WIND-LOAD STRUCTURAL DESIGN

Engineered according to the required wind speed, floodlight loading, mast height and site conditions to provide maximum structural stability and safety.

INTEGRATED LIGHTNING PROTECTION

Complete with lightning rod, grounding provisions and an integrated protection system to enhance equipment and operational safety.

COMPLETE STADIUM MAST ENGINEERING SOLUTION

IEC 60598 Compliant

SIRIM Tested

ISO 9001:2015 Certified

Every OLE Stadium Mast is professionally designed by our in-house structural pole engineers, manufactured in Malaysia, and engineered to deliver safe, reliable and long-lasting performance for world-class sports lighting applications.

OLE COMPLETE STADIUM ENGINEERING SOLUTION

Lighting Design & Simulation

Professional lighting design using DIALux simulation.

Stadium Mast Engineering

Custom-engineered for high wind-load applications with project-specific structural calculations.

Structural Calculations

Designed using project-specific structural calculations to ensure strength, stability and safety.

Floodlight Installation

Professional installation with precision aiming for optimum lighting performance.

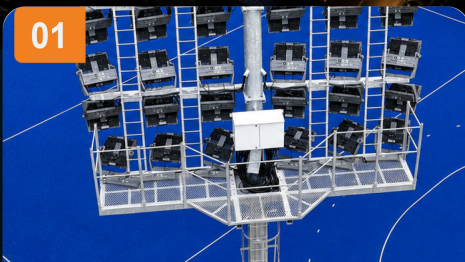

Testing & Commissioning

Comprehensive testing and commissioning to verify lighting performance before project handover.

Designed for **Strength**.
Engineered for **Reliability**.
Built to **Perform for Decades**.

01

INTEGRATED MAINTENANCE PLATFORM

Spacious platform with guardrails for safe inspection and servicing.

02

PRECISION FLOODLIGHT MOUNTING SYSTEM

Heavy-duty mounting structure designed for accurate aiming and long-term stability.

03

SAFE ACCESS SYSTEM

Internal ladder with safety cage providing secure access to the maintenance platform.
